

We are quite far north and the sun sets late. We are normally finished hunting by 10:30 p.m. and out of the bush by midnight.

We also run fall hunts for primarily for Moose but Elk, Whitetail and Mule Deer as well. These hunts are near Edson about 2 hours west of Edmonton, same area as our new bear hunt.

**THE BEARS:** New for 2024 is that I have moved our bear hunting area from NW Alberta in the High Level area to our fall hunting area around Edson. This will mean easier and cheaper travel for our clients. My fall hunting guides know this area better. This will be a spot and stalk hunt making it more exciting for both the client and the guide. Because on a baited hunt the guide is little more than a delivery man. Starting 1<sup>st</sup> by just dropping off bait to than dropping off bait and clients. Bears are so plentiful here that each hunter is allowed two tags.

**STATISTICS:** I have sold or will sell my northern permits. The Silver Fox Outfitters “two tag” bait hunters have averaged more than a 180% shooting rate for over 2 decades. This is one of the highest success rates in the province. We should come close to this in our new area. We hunt. Our past success rate speaks for it self. It's easy to see that Alberta is the place to be for fantastic bear hunting. Eric Rauhanen and the Silver Fox Outfitters “team” are the right choice for you.

**Youth Hunt Special:** Any youth 12 to 17 years of age can hunt for ½ price when accompanied by a full fare paying, supervising adult.
